

Create zero carbon South Yorkshire

	Room v: Carbon Reduction	
	(you don't need to list who is in the room, we will be capturing a list via zoom)	Answers here, one idea per box (If it's more than 3-7 words, it's probably more than one idea!)
	<p>When answering these questions, take into account the Systems and Settings model (used in the initial bid) to make sure all aspects are covered::</p> <p>Systems: Energy/Transport/Food/Waste/Land & Water/Air/Money/ Democracy & Media</p> <p>Settings: Communities & Home/Workplace/Natural Environment/Education/Health & Social Care/Arts/City Centre</p>	
Qu 1	In relation to our topic, what is already going on amongst us in South Yorkshire?	Removal coal fired boilers from public facilities
		Mine Water as a heat source (alternative heat sources utilising local resources)
		Energising Communities (Barnsley)
		Improving cycle trails, accessibility and uptake (Trans Pennine Trail)
		Pressurising for future Green jobs
		Energy Advice and awareness for households
		Retrofit Pilot Schemes

		Switching community buildings to ethical energy pricing systems
Q1	What else is going on in South Yorks which we could effectively link in with?	
Q1	Who else could we reach out to in order to strengthen our work?	Outreach Work and engagement with citizens.- People taking responsibility for their own actions ~(Ownership)
		Carbon COOP (Manchester)
		LETI
Q 2	What are the aspects of our topic which are not getting any attention in S Yorks currently and which we feel need to be addressed?	Dedicated Business support - Advice, Grants, Free audits
		Supply Chain, no capacity to do anything
		Need to see the longer term vision in order to encourage investment and encourage change
		Education, across the board. All ages, walks of life and backgrounds.
		Changing the priority of carbon within funding bids, as in, bring it to the top
Q 3	What is the importance of this strategy to the vision?	Whole systems approach

		Disconnect between ideals and reality
		Carbon Budget
	What is its particular contribution?	Sustainable for society
		Carbon Reduction can be measurable, Hit attainable targets
		Sense of ownership - Community schemes
	What would happen to the vision if we did nothing in this arena?	Doom!
