

Create zero carbon South Yorkshire

	<p>Room ii Public Engagement</p>	
	(you don't need to list who is in the room, we will be capturing a list via zoom)	<p>Answers here, one idea per box (If it's more than 3-7 words, it's probably more than one idea!)</p>
	<p>When answering these questions, take into account the Systems and Settings model (used in the initial bid) to make sure all aspects are covered::</p> <p>Systems: Energy/Transport/Food/Waste/Land & Water/Air/Money/ Democracy & Media</p> <p>Settings: Communities & Home/Workplace/Natural Environment/Education/Health & Social Care/Arts/City Centre</p>	
Qu 1	In relation to our topic, what is already going on amongst us in South Yorkshire?	
	Barnsley Youth Council / Regional Youth Climate Assembly are v engaged	DIAL Helping people to get Green Homes grants in Barnsley
	Carbon reduction is now official diocesan policy	Addressing climate through social need issues in Barnsley
	Citizens Assembly in Sheffield, still a priority for SCC	Community Energy England are based in Sheffield

	Hope for the Future training people for COP26, spiritual, practical and political training	Guild of St George and Food Works (?) use pop-up light touch to engage people with food, creativity, nature, appealing and hands-on
Q1	What else is going on in South Yorks which we could effectively link in with?	
	Eco Churches, churches likely to be responsive	Sheffield Green City Partnership
	Sheffield Sustainability Network (business)	Sheffield Partnership Board
Q1	Who else could we reach out to in order to strengthen our work?	
	Regional - Yorkshire Youth Climate Assembly / Forum v well organised	
Q 2	What are the aspects of our topic which are not getting any attention in S Yorks currently and which we feel need to be addressed?	
	Connectivity between grassroots and system	Choose 10 poorest wards to address climate through their needs
	Connectivity between local and council, project must systematically do this	Community listening in communities of all demographics inc weather higher emitters
	Asking 'what do you need to thrive in your	Inviting, hands on engagement is missing

	community' to address climate issues through need	
	Speaking differently to a wide range of people (not about climate change)	Using evidence eg climate outreach to be effective
	Climate champions in communities builds in diversity	Addressing social need eg local food needed because no local shops in poorer areas
Q 3	What is the importance of this strategy to the vision?	
	Vital because we have to identify issues which are important to people eg food, housing eating	Emboldens and gives decision-makers a mandate to see public support
	Project can't work without it	Engagement creates a virtuous circle
	Need buy-in from everyone inc business	Key for reaching a broad demographic
	Because the project is community-led	Have to take people with you, won't work without it
	Reach SMEs as well as big business	
	What is its particular contribution?	
	Ability to bring diverse range people on board	
	Influences individual behaviour change and decision-makers	
	What would happen to the vision if we did nothing in this arena?	

	Wouldn't get buy-in	Not transparent, potential resistance
	Project falls flat	Won't achieve the collaboration we need to succeed
